

AMERICAN

PRECIOUS METALS

Referral Reward Program

The 2014 1 oz. Silver Panda Coin. This year's issue features a panda playing on a tree branch against a backdrop of bamboo.

Product of the Perth Mint in Australia, the 1/10 oz. gold Kangaroo is bullion coin of .9999 fine purity. The 2014 design features a kangaroo in a classic pose set against a field of wildflowers.

We are starting up our reward program again to recognize all of our clients and colleagues who, during our company's 20 years in business, have continually honored us with their referrals.

From now until September 30, 2014, if you refer a new client to APM and they make a purchase of \$1,000 or more, we will send you a free 2014 1 oz. silver China Panda coin. If your referral spends \$10,000.00 or more on one order with us, you will receive a free 1/10 oz. gold Australia Kangaroo coin.

We appreciate your continued support and value being your trusted source for your precious metals needs.

Wishing you all a safe and Happy Independence Day.
